Arbitration Experience

John has sat as an arbitrator on many cases throughout the world and has particular experience of ICC cases and mediation adjudication and DRB services. The cases involved a variety of disputes including building and construction, engineering and commercial work.

Career

During his years at the Bar, John Tackaberry has undertaken a wide range of work. In more recent years as an advocate he has had a substantial degree of experience in building and civil engineering work, adjudication and DRB work. As well as work in the UK, he has a great deal of expertise in international disputes throughout Europe, the USA, the West Indies, Africa, Hong Kong, Singapore Malaysia, India and South America. He is a member of, or has been admitted to the Bars of California, Ireland, Hong Kong (ad hoc), Malaysia (ad hoc) and New South Wales (and QC), and is heavily involved in ICC arbitrations. He has written and contributed to many books and conferences.

Areas of Expertise

Building and construction, engineering, energy and natural resources, joint ventures, consortia, cooperation, commercial arbitration, commercial shipping (dry work), oil and gas, commodity and international arbitration.
